Medieval Europe Map Activity

- ___ 1. Complete your map using the instructions on the "Medieval Europe Map Instructions" page. (not attached)
- ___ 2. Use the "Europe in the Early Middle Ages" article to complete the following activities to learn about the geography of Europe during medieval times.

PART ONE:

Answer the following questions using the article.

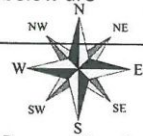

1. Why is Europe sometimes described as the "peninsula of peninsulas"?
peninsula = piece of land mostly surrounded by water
2. Write down 5 facts about Europe's topography.
3. Who are 6 groups that moved and settled into Europe after the fall of Rome? What is the group that became most dominant in Gaul and Germany?

PART TWO:

There are many rivers and waterways throughout Europe. Draw and describe the 3 main purposes of these physical features

PART THREE:

Using the compass rose and a map, determine whether the statements written below are true (T) or false (F).

- ___ 1. The Holy Roman Empire is the largest kingdom of Medieval Europe.
- ___ 2. The Seine River is the longest river on the map.
- ___ 3. On the map you created, the northernmost city is London.
- ___ 4. Spain is southeast of Holy Roman Empire.
- ___ 5. The Pyrenees Mountains divide France and Spain.

Note: all resources to complete activities above can be found on the classroom website @ <https://www.44north93west.com/medieval-times>
